Subject: Citrine Investment Services
Letter of Reference

I began investing with Citrine Investment Services, managed by Rene Burke, for about one year. I have been very impressed and satisfied with the services and the investments that have been presented to me. I am currently invested in a project in Kelowna, this is the third investment that I have placed with Citrine. I have been increasing my investments with Citrine in the last year.

Rene Burke is very professional in her approach to the investments that she has presented. She has reviewed the projects and fully understands the issues and the risks and communicates those in a very timely and clear manner. She provides regular follow through during the duration of the investment keeping me informed of the status of the project and the investment. The interests of the investor are her principle currency and she takes that responsibility very seriously.

Rene's credibility and her follow through with the projects and the investments have been very good, she does what she says she will do. She has demonstrated to me that she has the investors interest high on her list and I will continue to invest with Citrine Investment Services.

Sincerely,

Bruce G. Smith, P.Eng, MBA
