We connect investors to solid investment opportunities.

Citrine Investment Services Ltd. stands for Wealth, Integrity, Success and Happiness. Our reputation is critical and integrity is the cornerstone of our business. We are committed to wealth creation with you.

Why we are different:

- We invest alongside our investors. Your financial success becomes our success.
- We are independent. We promote only those investments that we believe in.
- We do the leg work for you. We search out, find and perform due diligence on many investment opportunities. Fewer than one half of the opportunities are accepted.
  
- We carefully choose and consolidate many products to save you time when looking for quality investments.

Many people WISH for financial independence. We are dedicated to assist you to turn that wish into a reality. We will work with you to further that goal through quality, high return investments.

Special Note: While we do everything in our power to ensure that an investment is 'safe', we cannot guarantee the outcome for any investment. Our due diligence process reviews the logical aspects of all investments, including the proformas and concepts. We are unable to ascertain intentions of all individuals and cannot control behaviours of people which may prove to be less than desirable outcomes. It is critical to note that investments we have invested in or discuss with our clients are not guaranteed returns. All risks should be reviewed and evaluated, per investment, by each investor and/or their professional advisor. We do not claim to be advisors nor do we profess to know the future.
