Highlights

Our land investments are located primarily in Canada, with a few located in the United States. Most of the investments are RRSP, LIRA, RESP and RRIF eligible. The minimum investment starts at \$5,000. You must be a resident of British Columbia, Alberta or Manitoba in order to invest.

Details

All of our land investments are in the path of major development. This means the land is very desirable and is purchased prior to rezoning for residential or commercial use. The rezoning process adds tremendous value to the investment and is just one way to increase your investment's rate of return.
